

Dear Parents,

You can access activities made by your child's teacher through **Chooselt! Maker3** on your iPad (note it is available on phone).

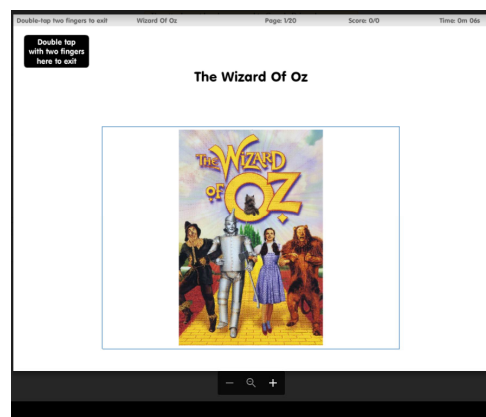

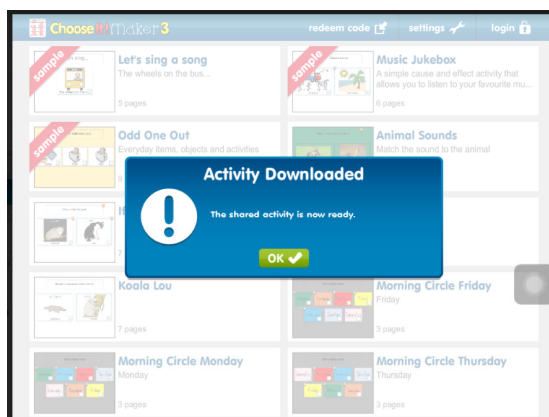

Search **Chooselt! Maker3** in the app store and install the free app.

Once the app is installed, you can “redeem code”.

This should install the activity onto your iPad or Android through the Chooselt! Maker3 app.

You can use this activity with touch screen or bluetooth switch.
